3200 Steeles Ave. West  
Concord, ON L4K 3B8

Dear Anthony:

I would like to take this opportunity to formally thank you for the excellent work that you and your staff did on the creation of our home theatre. The work was truly professional and the end result excellent. It was also a pleasant surprise to find that the total cost was less than we had expected. Our home theatre is now an integral part of our family activities. I would recommend your group to anyone considering building a high quality home system theatre.

Sincerely,

G.M. Vincent MD, FRCSC
