April 22, 2003

Dear Anthony,

I wanted to let you and your staff know how pleased we are with the results of our Home Theatre and Matrix multi-room sound system. Audio One's courteous and professional staff did an outstanding job of providing a turn-key sound system that is easy to use and hassle-free.

The multitude of options available in the audio/video industry can be overwhelming at times. The staff at Audio One have the experience and expertise to design and implement the right system to match people's needs and budget.

Congratulations again on a job well done!

Yours very truly,

Alfio Manarin
President
