To whom it may concern:

We just completed a major renovation of our Bloor Street area condo, and we wanted to have an excellent quality audio and movie/television system installed, including wireless and non-wireless computer capabilities.

Our general contractor and interior designer recommended Audio One. We dealt exclusively with Carlo D'Ascanio and his team of excellent technicians and both my husband and I were extremely pleased with the quality of their work and expertise.

We are thrilled with the final results. It is a pleasure coming home to listen to our favorite music in almost every room, watch television or a movie with surround sound in our main audio/television viewing centre, and having the ability to use our wireless computer throughout our condo space.

We would highly recommend Audio One for any at home installation.

Sincerely,

Mr. and Mrs. S. Sharon
