Attention: Anthony D'Ascanio

Gentlemen:

Some time ago, I required warranty service for my KEF Reference series speakers and I was directed by the distributor to have the work done at your shop. I was very impressed with the professional attitude of you and your staff, as well as the excellent display and auditing facilities at your shop and the quick turnaround time for the repair.

Accordingly, when I renovated my house last year, I asked you to design a good quality system which would enable us to enjoy and control different program sources in several areas of the house and a surround sound facility in the main listening room.

We are completely satisfied with the results, not only regarding audio/video quality and surround effect, but also the visual impact of the stacked components. The system impresses all who visit our home. I would recommend your firm to discriminating audiophiles without hesitation.

Yours truly,

SOUTHRIM ENTERPRISES
