

NAD

is pleased to extend the promotion on the popular
NAD C 368 integrated amplifier.

Until February 29, 2024,

the MSRP of the C 368 will be reduced AND we're including
an **MDC-BLUOS-2i** card at no charge! Don't miss this
great promotional opportunity with outstanding savings.

See full details below.

C 368

MDC-BLUOS-2i

With the **C 368 Hybrid Digital DAC Amplifier**,
your home audio system will never fall behind the pack.
With the **BluOS®** module, the **C 368** can connect to your network and be
controlled through a smartphone, tablet, or desktop, and connect
wirelessly to any other BluOS Enabled device to create a
multi-room high-resolution audio system. A modern approach to
amplification, the C 368 is the ultimate amp for any music lover's system.
